

ST BARTHS

SAMPLE ITINERARY

DAY ONE

Welcome to beautiful St. Barths! Your floating oasis, Andromeda, is anchored just outside Gustavia. Set sail around the southern side of the island while taking in the beautiful sights and enjoying a light lunch onboard. Spend the evening relaxing at anchor with sunset cocktails on the bow before dining on a professionally prepared dinner catered directly to your preference.

DAY TWO

Start the morning at a leisurely pace and enjoy a quiet breakfast before setting sail for Anse de Colombier. Known for its beautiful white sand beach this is the perfect backdrop for water toys or peaceful walks in the shallow blue water by the shore. Make this an unforgettable day by having your crew set up a beachside lunch or dinner!

DAY THREE

Embark on your day sail to Anse de Gouverneur where you can tube around the anchorage behind the tender or settle into one of the comforting lounges throughout the boat. Whether you spend the afternoon on the beach or the boat treat yourself to delightful plates from the galley and soak in the sun and relaxation.

DAY FOUR

Embark on your final sail back to Gustavia circumnavigating the island and make the most of your last day aboard. Sail past the marine park and la Tortue, through Baie de Saint Jean, past Anse de Colombier and back to the harbor.

Optional Programming: A number of water sport rentals are available in St. Barths including jet skis, windsurfing, or wing foiling.

The Club's newly retrofitted Catamaran has launched our first overnight cruising program, allowing Members a uniquely curated experience with a combination of comfort, adventure and the best views.

This winter season enjoy new destinations in the USVI, BVI, and St Barths.
